THE COPPER ROOM

The Copper Room at The Lead Station is an intimate and stylish bar and function room available for private use for any occasion. Suitable for all events, whether a decadent private party, quiet business meeting or gathering of friends and family, The Copper Room is the perfect space.

We offer a range of catering packages and can provide bespoke catering to suit individual needs and tastes on request. With a fully stocked cocktail bar, TV, DJ decks and sound system, The Copper Room is a discreet, stylish home from home in which to meet, host, entertain, relax and/or party.

Capacity: The room holds up to 50 people comfortably. However, depending on the nature of your event and whether you are eating we recommend a smaller number may be a more suitable maximum.

Bar: The bar is fully stocked including two draught beers, Helles Fire and Chinwag by Northern Whisper. We are licensed until midnight – last orders will be called at 11:45pm (Sunday – Thursday we are licensed until 11pm).

Please note: **The bar can accept card and cash payments.** The event organiser can run a tab but other guests should come prepared to pay as they go.

Booking Cost: To secure the room we require payment of £50. This charge is non refundable and is payable in advance to secure your booking.

Music: The room has its own set of decks. Use of these is subject to payment of an additional £200 deposit which will be paid on the night and refunded following inspection of the system. Alternatively you can supply your iPod to be played through the speakers in the room. (Any costs associated with any damage to the music equipment caused during the event will be charged to the event organiser). We are in a residential area with neighbours so all windows must be closed by 10pm to eliminate any external noise.

Media: The TV in the room can be used during any private party. There is also digital input for a laptop, and a DVD player.

Decoration: Any decoration must be free standing and removable. Pins or adhesives of any kind are not permitted.

Please Note: If we get another enquiry for the date you have chosen we will contact you and give you 48 hours to confirm your booking by payment of the booking fee. If you don't we may give that date to the other enquiry.

FYI Notes:

The Copper Room is so called as a continuation of The Lead Station and was born out of the combination of three ideas. Firstly that copper, like lead, is a metal; secondly, that the building itself was originally the Chorlton Police Station (police > coppers > copper); finally and most pertinently, from the colours and materials used in the room.

The main photograph hanging in the room is by Melissa Moore from a series titled 'Know the Edge'. The entirety of the series was purchased by the gallery exhibiting Melissa's work in Milan during her first exhibition there. Ours is one of five from the edition, and one of ten in the series.
