DRINKS AT 99 BEECH ROAD

Moving with the times - Spring 2019 -

The sandstone façade of 99 Beech Road has stood proudly at the heart of the Chorlton community since 1885 and been a local institution ever since.

Initially a police station, then council offices, The Lead Station opened in 1995 and has served the local community and beyond for 23 years.

But great institutions move with the times and as such, we continuously search for exciting new products to evolve our offering and our new draught beer range is just one example of this.

Northern Whisper Beers are brewed 20 miles from our door, by a small and new, yet brilliant brewery, in Rossendale - we think it is pretty great.

The cocktails have also been given a little shake up with some delightful introductions to tempt and entice.

Our wines remain the best value available and change for changes sake is pointless, we have retained the entire list!

And so refreshed rather than revolutionised, our list should look familiar yet contain a few new future favourites.

Enjoy your drink.
